Megan,

The folders are in the file room – Katie and I and verified this, so please let me know what you find out.

Thanks,  
Amelie

Megan,

That is a very nice offer! I need to locate the 14 folders, as will let you know as soon as I do.

Meanwhile, Benita is going to contact the company to see if they can give us a short extension and also if they are OK with paying up to \$56 for the response.

Amelie

Hi all,

Since Natalia is on travel this week, I am happy to work with Katie to go through the 14 folders. We should be able to get through them in an hour or less. Let me know if you'd like us to handle that, given the due date.

Thanks,  
Megan

If it is at all possible that we have responsive records, then yes, she should go through the folders. If not, no. Please note the fee limit. If her search and review time will exceed the requestor's fee limit, then we must first find out if the requestor will be willing to pay for her time.

Zelma, Benita,

I believe that Natalia Vazquez already looked at this FOIA for our office. (Donna Mastro contacted us about it two weeks ago.) This is what Natalia said:

"We don't have anything for ETC in the PA, Allegheny or even WV files in the inventory. There are 14 folders in total for NSPS OOOO and OOOOa batch files. If we have something from this facility it would have to be there." Natalia said that it would be about 2 hours of work to go through the 14 accordion folders. Please let us know if that's something we need to do – Natalia is out of the office on travel for the rest of the week.

Thanks,  
Amelie

Benita:

Emily Bertram is the PA permit coordinator so she can look into this facility for their permits and associated docs. The requester also asked for some enforcement information. Im copying Amelie so that she can get somebody to look for the info.

Please see attached FOIA and respond ASAP. Thanks. FOIA due 10/26/18.

If you feel it should go to another office within APD, let me know.
